

MIPS 2021 Reporting

Optimize Performance for Better Outcomes

What Is MIPS?

Merit-based Incentive Payment System is a payment incentive program that captures how a physician improves patients' outcomes based on 4 categories.

Quality

Improvement Activities (IA)

Promoting Interoperability (PI)

Cost

Who Qualifies for MIPS 2021?

Physicians*

Nurse Practitioners

Certified Registered Nurse Anesthetists

Occupational Therapists

Audiologists

Registered Dieticians

Physician Assistants

Clinical Nurse Specialists

Speech-Language Pathologists

Physical Therapists

Clinical Psychologists

Nutrition Professionals

What's In It for Physicians?

- **Receive up to 5% of MIPS Incentives**
- **Qualify for \$500 million bonus pool**
- **Recognition in Physicians' Portal**

Are You MIPS Eligible Clinician?

QPP MIPS has standard prerequisites for healthcare providers before they decide on submitting data to CMS (Centers for Medicare & Medicaid Services)!

- They have to bill more than \$90,000 for Part B covered professional services
- They have to see more than 200 Part B patients
- They have to provide 200 or more covered professional services to Part B patients

Have you met these performance requirements?

We Can Help!

Meet the Minimum Performance Threshold of 60 Points without Hassle!

How does P3 Healthcare Solutions Assists You?

We guide you through steps to:

- Review your performance
- Select specialty-specific measures for reporting
- Identify areas for improvement
- Timely data submission
- Track progress to meeting 2021 requirements

Why It's Important to Score High in MIPS?

MIPS score influences clinicians' reputation and revenue cycle management!

CMS Publishes MIPS Outcomes on Care Compare!

Here patients evaluate and compare clinicians,
thus offering clinicians chances to increase their referrals.

Payment Adjustments to Improve Collections!

Based on the final MIPS score, physicians receive
positive payment adjustments and bonuses on
each Medicare Part B claim.

COVID 19 and MIPS 2021 Performance Reporting!

- Due to continuous clinical trials and data collection barriers, MIPS eligible clinicians will be receiving credit for COVID-19 Clinical Data Reporting with/without Clinical Trial improvement activity through the MIPS 2021 performance period!
- Now, it's your time to compensate for the tough preceding situation.

You Decide Your Future!

A Chance to Improve Your Finances or No Payment Adjustments At All!

Time is ticking!

The deadline is March 31, 2022!
