2026

INDUSTRY FACTS THAT DEFINE OUR EXPERTISE

- In 2026, the U.S. medical billing outsourcing market is poised for strong expansion with a 12% CAGR (Total size reaching $12 billion by 2030).
- Outsourcing makes up nearly 60% of the market which is bound to grow given complex changes in rules every year.
- In 2026, by partnering with expert billing services, providers can realize administrative cost savings of 30–40%, improve claims accuracy (up to 99%).

WHO WE ARE

P3 Healthcare Solutions is a healthcare technology and revenue cycle management company specializing in end-to-end medical billing, quality reporting, and BPO solutions for healthcare organizations nationwide.

WHAT WE OFFER

Medical Billing & Coding

Medical billing and coding translate care into compliant codes and clean claims to optimize reimbursement.

Quality Reporting & MIPS Solutions

Registry services, compliance monitoring, scoring optimization.

RCM Services

Eligibility, benefits verification, prior authorizations, and payment posting.

BPO-as-a-Service

Provider credentialing, patient support, virtual staffing, and chart abstraction.

Complex & Ever-Changing Payer Rules	High Denial Rates & Slow Reimbursements	Staffing Shortages & Administrative Burden
1	**2**	**3**
Stay current with ICD/CPT updates, payer rules, and regulations to ensure accurate coding and fewer claim rejections.	Dedicated denial management, clean-claim processes, and proactive follow-ups improve acceptance rates and speed up reimbursements.	Outsourced billing teams provide certified experts, scalable support, and advanced tech—reducing overhead and improving efficiency.
